

Final Hungarian PATHWAY- 27 Workshop

On 12 December 2017, the Final Hungarian Workshop of PATHWAY-27 was held in Budapest, organized by Campden BRI Hungary Nonprofit Kft jointly to its annual Open Day which provides an excellent opportunity to attract participant from the Hungarian agricultural, food industry, retailers and policy-makers.

Over 60 participant attended to the Open Day and the Workshop including the representatives of food businesses, policy makers and NGOs.

The aim of the Final Workshop was to present the findings and results of PATHWAY-27 FP7 project. All three Hungarian PATHWAY-27 partners, the Campden BRI Hungary, Adexgo Kft and AdWare Research presented their part and achievements of the project.

The series of a thematic presentations started with the one of Ágnes Szegedyné Fricz (CBHU) in the topic of the background of food legislation including the Regulation (EC) No 1924/2006. She was followed by Zsófia Kertész (CBHU) who presented the Industry Guidelines and Recommendations for developing products with health claims. Next, the specific methods of sensory and consumer acceptance tests related to products with health claims were presented by Dr Adrienn Hegyi (CBHU).

She was followed by Dr Hajnalka Hingyi (ADX) who presented the tasks and achievements of Adexgo Kft. Furthermore, the experiences related to data management and biostatistics was presented by Dr Timea Polgar from AdWare Research.
